

🦷 We are currently accepting new patients! 🦷

DENTAL CARE FOR ALL AGES!

Did you know we also provide care for children? Even before the eruption of the first tooth, we are here to educate, care for, and create a comfortable visit for kids of all ages. We have created a fun program called **MYMBucks** where each visit a child will receive a MYMBuck ticket, then after collecting so many they can exchange the tickets for the handmade, organic toys that we offer!

RECYCLE WITH US!

Instead of tossing that old toothpaste tube in the trash, bring it to us! Thanks to our friends at Tom's of Maine, we are working with Terracycle to eliminate waste and recycle empty product containers to create new dental product containers. For every 10 items you bring in, you will receive a **FREE Cocofloss!!**

Accepted items:

toothbrushes • toothpaste tubes + caps
mouthwash bottles + caps • deodorant containers + caps

SPECIAL OFFER FOR JUNE!

Free whitening with the **SureSmile** clear aligners as well as a mystery **\$150** gift certificate to a local restaurant for the **first 10 patients** who begin treatment!
